MEET THE TEAM

Narelle Williams

Long ago, Narelle recognised a niche for couples who longed to have their wedding overseas, in fascinating and exotic locations that people would remember and talk about for years to come.

Her experience from running the family's successful travel agency brought her into contact with many couples who wanted these dream destination weddings, but couldn't find a wedding planner with the capability to arrange and execute such ambitious ideas.

Narelle and her sister, Michelle, founded Global Weddings to make these couples dreams a reality, and they have never looked back, making Global Weddings an international leader in the destination wedding industry and creating unforgettable experiences for over 1500 couples to date.

These days Narelle can be found hopping between the Global Weddings offices in Bali and Melbourne, two of the best foodie locations in the world to indulge in her love of a plant-based diet, or the occasional long-haul trip to speak at industry conferences.

Michelle Williams

Michelle founded Global Weddings with her sister Narelle, and had the enviable opportunity of moving to Bali, the island of the gods, to be the lead event coordinator.

After living in Bali now for over a decade, Michelle has immersed herself into the culture, speaks fluent Indonesian and has a family here, including our corporate mascot who just happens to be her adorable and energetic 5-year-old son, Jai!

While her main role is to be your lead Wedding coordinator in Bali, Michelle is much more than that. There is nothing Michelle hasn't seen or experienced when running an event in Bali, and she will be right beside you to assist you when you arrive and will calmly and professionally weave her magic on your wedding day.

Michelle ensures you don't have to worry about a single thing, allowing you to completely take in all those wonderful, once in a lifetime moments that come with having a dream wedding in Bali.

Hayley Gough

Hayley is known as the 'dynamo' at Global Weddings. With a strong dedication to detail, you will never be long without a response nor be allowed to forget about a follow-up!

Not only is Hayley an absolute whiz with the details and planning, but she is also an extremely dynamic and creative wedding planner, which is an absolute necessity to be successful in this industry and why we are so happy to have her as our rising star.

Hayley is extremely passionate about and well-versed on the latest trends and styles that modern brides expect and can share some truly amazing concepts that will create a wedding experience as unique as you are.

Hayley is based in our Melbourne office, but under Narelle's expert tutelage is attending some of our overseas resort weddings and has a passion for travel and adding new destinations to her already well-travelled passport every year.

Putu Krisma

Putu is our trusted Bali Wikipedia and secret weapon for weddings on this special island. Her absolute wealth of knowledge on all things local make Putu invaluable in assisting with important things such as consulate appointments, legalities, and sourcing hard-to-find items in Bali.

Her experience in liaising with local suppliers and staff is a huge advantage to us and ensures that you have the best chance possible of having the unique destination wedding you dream of.

Balinese people are famous for their gentle nature and Putu is no exception. It's always a delight to have her calming nature present at our events, and we are sure you will find her priceless as well.

There's only one Putu and she's here to make your wedding wonderful.

Kylie Parmley

After owning a successful wedding and events company in Australia, Kylie and her husband followed their dream to live in Bali in 2013, and now call the beautiful Island home to their family of 2 children, 4 dogs and 3 cats - plus whatever wildlife Bali likes to occasionally throw at them!

Kylie's passion is creating customised weddings that offer a true reflection of every couple and their personalities. Often, it's the small details that many others overlook which can have the greatest impact, and this area of styling is where Kylie is exceptional. It's always amazing to see a couple's reaction to Kylie's beautiful work, which is part of the reason we are able to over-deliver and give our couples "the wedding they didn't even know they wanted."

Detail-oriented and meticulous in the execution of your day, you'll see why so many couples adore her, and why the Global Weddings team are thrilled to finally have Kylie as part of the family!

xoxo
