CLIENT TESTIMONIALS

“Having fun at your own daughter's wedding always seemed like a dream to me. I was always worried about the food, decor, guests, rooms but team Tamarind made my dream a reality. They helped me overcome all those little worries of planning and organising a wedding. I would like to thank everyone who made this wedding a perfect one for me and my family. Every function was smooth; from the guest welcome to the departure, the overall experience was amazing and indeed an unforgettable one. Keep up the good work!”

- **Rajesh Agarwal**

“Choosing an event company for our wedding was one of the most important decisions we took. From the very beginning, it seemed to be a good fit with Tamarind Global, especially as communication was easy and transparent. Mahesh along with a rockstar team led by Kunal, Vince and Sneh were a dream to work with, always prompt in responding and most important always on the same page. I was a hands-on bride, but even if wasn't our wedding was in fantastic hands. It always felt that like the Tamarind team would give up their sleep and meals to make sure that everything was perfect and I couldn't have asked for more. If I had to do it all over again, I wouldn't change a thing.”

#RISONI #09/01/2017 #WaldorfAstoria RAK. A wedding which introduced us to the Tamarind Global Team

“Being a destination wedding to get all the guests in a vacation mood is essential and I can vouch for the hospitality team of Tamarind for the same. Coordinating from invitations to collaterals to RSVPs, helping us take calls for themes, decor, and logistics, show flows to coordinating events, keeping the Bride and the Groom happy and the parents satisfied, running for last minute cover ups, and still making sure that people of all ages get their share of fun. I think Tamarind deserves a super special thanks from the whole Jain Family for making this event a success. It was a lot of fun and a great experience for me working with Tamarind. The warmth and understanding we received from the team will always remain in my heart. Sorry guys, as I know I have been really a pain for u all, me and Saloni will miss u a lot.

All the best to Maheshji and the Gang for all the upcoming weddings and events ... Make memories because that’s what people cherish forever.”

“Tamarind global is a one-stop shop for managing any celebrations be it a milestone birthday, anniversary or a destination wedding. They beautifully manage the logistics, hospitality, decor, entertainment, and food and help the host to enjoy the celebrations. Their teams are not only skilled at what they do and also provide emotional support during stressful situations which are inevitable during such events. They bring unique ideas which help make every occasion special. The wedding of our son in Bahrain was nothing less than a dream wedding which was beautifully put together by them. Since it was our first event at such a big scale they guided us with their experience to make all important decisions.”

“Working with Tamarind was a fun experience, even though wedding planning can be really stressful. I still vividly remember we would have meetings with the entire family and the team became part of us, by the end they knew each one of us our likes and dislikes and really became part of the celebration. All of us were really sure of what we wanted and very involved in the planning and those months of endless meetings were just a big party, and I think that’s so important as wedding planners to be able to join in the family and really make everyone comfortable and make the whole wedding planning experience memorable.

The team was a bunch of really warm and pleasant people, and that really makes all the difference. They weren’t just doing it cause it was their job, they built a relationship with us and really wanted to see us happy!”

CLIENT TESTIMONIALS

A 'big fat' India wedding may look like a dream in pictures and videos but the quantum of work behind those 3 days is overwhelming and that's exactly where Tamarind came in. Unlike UAE and Qatar, Jordan has little or no exposure to Indian culture. It was probably the first Indian wedding that took place there and the Jordanians had absolutely no idea what they were in for, neither did we. Tamarind truly acted as bridge between both the cultures and they took care of everything for us from the big things like the contract and negotiations with the hotel to the small thing of room lighting, they have looked into every detail. Since it was a brand-new destination Tamarind had a lot of work cut out for them. Our team from Tamarind, Pranali and Hoor had a lot of ground work to do, they had to find local vendors for everything, explain our ways to them and had to follow up with them daily (no exaggeration) to make sure they understood what we wanted, considering the slight language barrier. They also had to handle the dreaded RSVP list which was constantly getting altered and helped us assemble the invitations. Prithvi and I were looking to do something fresh and exciting, we had our own list of criteria for the wedding venue and after leaving no stone turned in India and not finding what we wanted we started looking at hotels in the middle-eastern countries. Mahesh (aka Bossy) knew all the right places and after understanding exactly what we wanted direct us to Jordan. Angel and Aashay helped us with the logistics, not only for the wedding days but they also catered to our guests who were extended their trips. They made sure all the vehicles that we received were clean and the drivers were friendly. **...continued**

CLIENT TESTIMONIALS

Tamarind further impressed us when they managed to get the Jordan government on board. They managed to get the government to give everyone related to wedding free visas on arrival. Our guests were made to feel nothing short of VIP, from the moment they exited the airplane there were signages all over the airport to direct them to the fast track line for their visas and they got complimentary porter service. They also conducted a hospitality seminar to train the local hotel staff basic Indian etiquette like 'namaste'. The family had efficient shadows and event flow was perfect. Cut to the days of the functions, Tamarind worked smoothly with the hotel staff to handle the check in services without any hiccups. I don't think anyone could handle on day management better than them.

To sum it up Tamarind was absolutely fantastic! They brought to our attention a superb destination, they have managed to negotiate tooth and nail to get us the best deals, give us an array of amazing vendors to choose from, coordination with vendors and guests efficiently, always figure out a solution for any problem and they were always prepared and organised for our meetings. We loved working with them and are glad they were our wedding planners.

“My family and I were lucky enough to have Tamarind helping us to plan both my sisters and my weddings. And the way they executed both of these were beyond doubt, awesome. Sure every planner inevitably makes mistakes or some vendor somewhere will screw up some aspect of their job, but crisis management is something that they do very well. (I’m quite sure we beat any wedding in terms of hospital visits, but TG definitely made sure each party was more rocking than the last!!).

Our decor, entertainment, hospitality, and the food was on point and the best part for sure was the way they made themselves part of our family in every way possible. I don’t think we could’ve had better planners than tamarind global, and more specifically Mahesh and the team who definitely went above and beyond what any of us can ever expect or ask for.”
